Serial # when ordering

Service Kit
will SAVE you
up to
20% OFF
parts purchased
separately!

The 500-Hour Service Kit contains the parts listed below that are to be replaced at the 500 Hour Scheduled Maintenance Interval. Along with replacing these parts, there are several other maintenance items that are to be observed at this time. These items are included on the maintenance checklist provided with the 500-Hour Service Kit.

When placing your order for this kit, please provide the serial number of your SXP™ or S-240 Laser Screed®. This will help insure that you receive the proper 500-Hour Service Kit for your Laser Screed®. Order your 500-Hour Service Kit today!
